CLASSROOM INFO

Snack: Parents provide daily snacks and water. We have some allergies, but snacks are never shared.

Birthday Celebrations: Yes, we celebrate! It is important that you touch base with me before your child's birthday to establish a celebration date. You may hand me the birthday snack at the start of school. Please provide enough snack for all students (12). If you are planning a party and need to send invitations, you may distribute them (into individual backpacks) if the entire class is invited. If you do not intend to invite the entire class, please mail the invitations.

I will be sure to send emails with more information!
